No Win, No Fee Agreements

Bringing claims for any form of personal injury can be expensive to the extent that it can deter victims from seeking compensation that they are rightfully entitled to receive. In certain circumstances we can offer “no win, no fee” arrangements for personal injury claims at no financial risk to themselves that they would otherwise be unable to do. Our personal injury team is headed by Simon Ward (Director) who has a wealth of experience in all personal injury matters.

Accidents at Work

Accidents can be caused in the workplace as a result of many things such as defective machinery, defective protective equipment and not being given the appropriate tuition or training. Your employer is under a statutory duty to ensure that the workplace is safe and that you are not exposed to any risks. If this duty is breached we can assist you in bringing a claim for compensation and may be able to offer you a “no win, no fee” arrangement.

Tripping and Slipping Claims

If accidents are caused as a result of pavements or roads being in a state of disrepair, you may have a valid claim for compensation. We offer expert advice in relation to such claims and may be able to offer you a “no win, no fee” arrangement to bring a claim.

Road Traffic Accidents

As with all other types of personal injury claims we can offer you a “no win, no fee” arrangement to bring a claim if you have been the victim of a road traffic accident, whether you were a driver, passenger or a pedestrian. Road Traffic accidents can range from rear end shunts resulting in typical whiplash type injuries, to much more serious accidents resulting in multiple injuries. We can provide expert advice in relation to all types of road traffic accident cases.
